### Accommodation

The campus has a very good location within the reach of public transport. Below is a list of hotels/hostels within walking distance of Transmit training school. From the city center it is possible to get to the Dejvice campus in 15-20 minutes. We recommend looking at the direct connection by metro or tram. In the next part, basic information about public transport in Prague will be presented.

### Public Transportation

Prague has a very good public transport system. For more detailed information, see the website <https://pid.cz/en/>.

For information about the exact time of departure or route planning, you can use the application <https://pid.cz/en/>

Tickets for public transport can be bought in machines at the airport, in the subway or train (see photo), in newsstands or on selected tram and bus routes. I would like to point out that in trams it is only possible to buy a ticket with a credit card and in buses only in cash in CZK with the bus driver. For more detail <https://pid.cz/en/tickets-and-fare/how-to-buy-ticket/>

Photos of Ticket machines at Terminal 2 Prague Airport Arrival

Ticket prices are listed below, I recommend buying a 90-minute one-way ticket (i.e. from the airport to the hotel or event). The ticket must be valid (from marking to the entire duration of the journey) even in case of possible time delays due to the traffic situation.

#### SINGLE TICKETS FOR PRAGUE (P,0 Tariff)

Short-term tickets	Full price
30 min.*	30 CZK
90 min.*	40 CZK
24 hours	120 CZK
72 hours	330 CZK

Single tickets are transferable, i.e. you can travel and transfer as many times as you like as long as the ticket is valid. You can travel by bus, metro, tram or train in Prague. Validity is defined by its designation up to the defined period of validity, i.e. 30 or 90 minutes to 72 hours.

Tickets sold on board of vehicles, touchscreen terminals and railway ticker counters are valid immediately from the moment of purchase and you don't have to do anything else with them.

Tickets sold from ticket machines, information centres and ticket offices must be validated on entering the vehicle or the subway paid area! The subway paid area is commonly marked by a white line on the ground and accompanied by stamping validation machines.

Tickets must be validated (stamped) exactly once, on the first use, otherwise the ticket is invalid! Please look at the videos below.

### Transport from Prague Airport to the Training school Event:

The best route is

- a) take **BUS 59** from Airport (Terminal 2 or Terminal 1) to final destination – “Nádraží Veleslavín”, which is Metro station (green line, A).

The bus runs every 5-10 from 8 -20, more detailed you can see the bus schedule from Terminal 2 (Schengen countries), from Terminal 1 it leaves 2 minutes earlier. The journey takes approximately 15 - 20 minutes.

- b) take **Metro (green line A)** from “Nádraží Veleslavín” to “Dejvická” station. There are two stations if you are travelling to the Dejvice campus, see the Metro lines map below. The journey takes approximately 5 minutes and the metro has intervals between 5 -10 minutes. Alternatively, you can take trams here that will take you in the same direction (only with a longer time interval of approx. 10-15 minutes).
